

## **Korea Maritime Certification Centre (KMCC)**

KMCC is a specialized certification body in the maritime sector, approved by the Cabinet of the DPRK and recognized by the National Accreditation Association.

KMCC was established in 2011 to make sure that seafarer training institutions, shipyards and ship technical services provide themselves with all necessary means and facilities in compliance with international standards.

While observing the “Regulation on National Quality Accreditation and Certification”, KMCC conducts quality assurance activities pursuant to corresponding articles of standards and conventions adopted by the International Organization for Standardization and the International Maritime Organization.

Main business involves Compulsory Certification, management system certification, staff certification and auditors training.

KMCC is staffed with competent auditors and has begun audits for certification since 2013.

With objectivity and impartiality preserved, it offers high quality services as required by the national and ISO accreditation and certification standards.
